

Clover Glove Race Series Sponsorship Opportunities

All funds raised in association with races hosted by the Clover Glove Race Series go to support Georgia 4-H. We strive to keep operational costs at a minimum. There are no paid staff members. We do occasionally hire vendors for services. Race registrations are the primary source of funds to support 4-H. Sponsorships enhance the dollars we can direct to supporting Georgia 4-H youth.

Sponsorship opportunities for the remainder of this Clove Glove Race Series year include the following:
